

# HP Wireless Mouse X200

Goodbye wires. Hello comfort.

Stay productive wherever the day takes you without wires to tie you down. Designed for ultimate comfort, control, and consistency – this wireless mouse is the perfect companion for everything you need to do. With its contoured design, long-lasting battery, and precise tracking, you're ready to stay on top of your day.

### Reliable 2.4GHz wireless connection

Work and play without lag or interruptions thanks to a reliable wireless connection.<sup>1</sup>

### Battery that lasts

This mouse is designed to keep up with you and your life with a battery that lasts up to 18 months.<sup>2</sup>

### Adjustable DPI

Speed up or slow down tracking with adjustable DPI settings (800/1200/1600).

### Precise optical sensor

Work where you want on a variety of surfaces, thanks to a precise optical sensor with great resolution.

<sup>1</sup> This product does not implement any encrypted communication over the wireless channel.

<sup>2</sup> Actual battery life will vary with use and environmental conditions, and will naturally decrease with time and usage.
